

Registrars Report 2020/21 Season

The 2020/21 Season saw Eastern Suburbs LAC's membership recover from a dip in the 2019/20 season (489 members) to approximately the same as for the 2018/19 Season (529 members) with a total of 522 members. The dip in 2019/20 was due to a glitch in our online registrations early in that season which did not affect the club in the 2020/21 season. There were 417 junior members (Tots – U11) and 107 senior members (U12 – U17) compared to 389 juniors and 100 seniors last season.

ESLAC had 268 returning members for 2020/21 which is very close to the 260 returning member average the club has enjoyed over the last 5 seasons.

At the beginning of the 2020/21 season the Covid19 pandemic was still impacting on the public's confidence in the viability of community sport, so ESLAC's strong membership for the season was remarkable outcome.
